Founded in 2012, Zilong is a large comprehensive pharmaceutical company with the integration of manufacture, quality, sales, promotion and R&D, located in Life and Health Industrial Park, Xinbei District, Changzhou, Jiangsu Province

- ◎ 主要生产剂型包括：固体制剂、小容量注射剂、冻干粉针剂等。截至目前，紫龙药业生产车间已全部通过新版GMP认证

Dosage forms manufactured include solid preparation, small volume injection, lyophilized powder for injection, etc. Till now, all the workshops have been new GMP certified

- ◎ 先进的设备设施：德国BOSCH“洗烘灌轧”联动线、德国GEA进出料系统、日本森松配液系统、仓库自动进出库系统等，为实现生产质量的高效，自动化运转提供了有力的保障

Advanced equipment including flow line of vial washing, drying, filling and capping from BOSCH Germany, loading and unloading system from GEA Germany, dispensing system from MORIMATSU Japan, warehouse incoming and outgoing system, etc. provide a powerful guarantee for the efficiency of production and automatic operation

海雁医药
Haiyan Pharma

上海海雁医药科技有限公司

SHANGHAI HAI YAN PHARMACEUTICAL TECHNOLOGY Co.,LTD.

- 公司成立于2011年，地处上海市浦东新区张江药谷，是扬子江药业集团的全资子公司和创新药物的研发基地

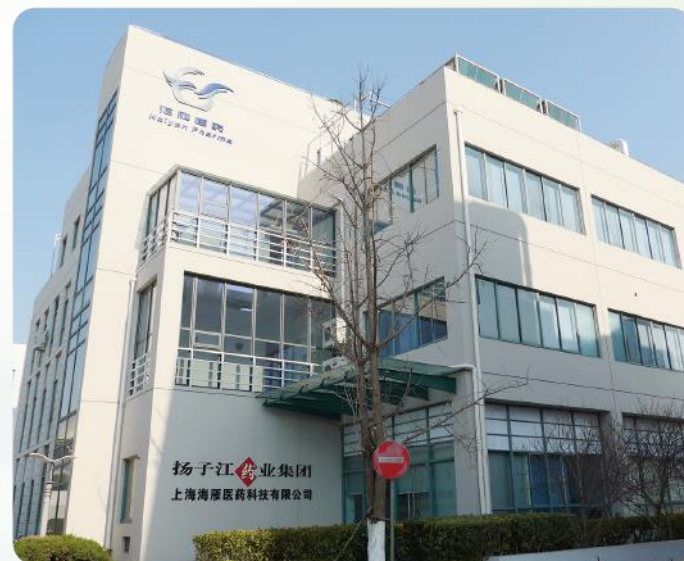

Founded in 2011, Haiyan is a wholly owned subsidiary of YRPG and a R&D base for innovative medicines located in Zhangjiang Biomedical Base, Pudong New Area, Shanghai

- 海雁建立了药化、合成、生物、药理、药物代谢、安全评价、转化医学、工艺与制剂研究、临床与注册、信息与专利等多个创新药研究开发功能团队。利用国内外技术平台和学术成果进行项目开发，提高研发团队能力和竞争力

Haiyan has established many innovative medicine R&D teams for medicinal chemistry, synthesis, biology, pharmacology, drug metabolism, safety evaluation, translational medicine, study on process and preparation, clinical and registration, information and patent, etc. Taking advantage of domestic and foreign technology platforms and academic achievements for project development to improve the ability and competitiveness of R&D teams

- 目前，海雁在研项目涉及肿瘤、神经等领域

At present, projects under research covers oncology, nervous system, etc.

海岸药业
HAIAN PHARMA

江苏海岸药业有限公司

JIANGSUHAIAN HAI AN PHARMACEUTICAL Co.,Ltd.

- 公司成立于2012年，坐落于江苏吴江汾湖高新技术产业开发区，是一家集药物研发、药品生产、产品推广于一体的大型综合性制药企业

Founded in 2012, Haian is a large comprehensive pharmaceutical company with the integration of R&D, manufacture and promotion of medicines, located in Fen Lake Economic Development Zone, Wujiang, Suzhou

- 公司产品线涵盖了固体制剂、液体制剂、冻干粉针制剂、生物制剂

Products covers solid preparation, liquid preparation, lyophilized powder for injection and biological preparation

- 目前正在项目建设阶段，水针车间已经通过认证，其余车间也在紧锣密鼓的建设中

At present, the project is under construction. Injection workshop has been certified, and other workshops are also under tight construction

江苏龙凤堂中药有限公司

JIANGSU LONG FENG TANG TBADITIONAL CHINESE MEDICINE CO.,LTD

2014年初正式投建，坐落于泰州市永安洲，总投资达50亿元，龙凤堂是扬子江药业集团旗下专门开展中药大健康事业的产业园区，涵盖中药材种植、中药生产、物流、贸易及研发等各领域

Construction began in early 2014 with total investment of RMB 5 billion. Longfengtang, located in Yong'anzhou, Taizhou, is an industrial base of YRPG specialized in Traditional Chinese Medicines and Comprehensive Health undertakings, covering Chinese medical herb planting, TCM production, logistics, trade, R&D, etc.

主要产品:胃苏颗粒、萆铃胃痛颗粒、蓝芩口服液、神曲消食口服液、双花百合片、百乐眠胶囊、柴芩清宁胶囊、柏艾胶囊等

Main Products: Weisu Granules, Biling Weitong Granules, Lanqin Oral Solutions, Shenqu Xiaoshi Oral Solutions, Shuanghua Baihe Tablets, Bailemian Capsules, ChaiQin Qingning Capsules, Boai Capsules, etc.

四川海汇药业有限公司

SICHUAN HAI HUI PHARMACEUTICAL CO.,LTD.

- ◆ 四川海汇是扬子江药业集团的全资子公司，2014年7月正式开始建设，是集化学药品、中成药的研发及生产、销售于一体，以国际认证标准注射剂生产线为特色的综合性医药企业

Construction began in July 2014, Haihui is a wholly owned subsidiary of YRPG with the integration of R&D, manufacture and sales of chemical medicines and TCMs

- ◆ 海汇建成后，扬子江药业集团将在西南地区拥有一个研发中心（金蓉大厦）和两个生产基地（海蓉、海汇），初步形成“一体两翼”的战略布局，大大提升产业规模、人才集聚和药品研发创新实力

After the construction of Haihui has completed, YRPG will have a R&D center(Jinrong Building) and 2 manufacturing site(Hairong, Haihui) which preliminarily forms the strategic layout of “one body with two wings” to greatly upgrade the industry scale, talent gathering and R&D strength for innovative medicines

护佑

上海海路生物技术有限公司

SHANGHAI HAI LU BIOLOGICAL TECHNOLOGY CO.,LTD

- ◎ 上海海路是2015年8月在上海徐汇区成立的全资子公司，研发基地设在张江，专注于生物药的研发

Founded in August 2015, Hailu is a wholly owned subsidiary of YRPG located in Xuhui District, Shanghai, with its R&D base located in Zhangjiang specialized in R&D of biological medicines

- ◎ 海路生物致力于打造一支一流的研发团队，建立先进的生物创新药和工艺开发平台，着力于转化医学和伴随诊断

Hailu aims to build an advanced R&D team and to establish advanced platforms for innovative biological medicines and process development working on translational medicine and companion diagnostics

- ◎ 海路生物投入大量资金购买先进的药物研发仪器，同时也注重生物信息资料，知识产权，国内外法规团队的建设，支持公司和集团的创新研发，全球化和永续发展

Hailu has invested a lot in purchasing advanced R&D instruments. At the same time, Hailu also pays attention to team building of biological information, intellectual property and domestic and foreign regulations to support innovative R&D, globalization, sustainable development of the company and the whole group

Advantages

➤ Product Portfolio covering all categories & dosage forms

Anti-Infectives

**Anti-pyretic-
Analgesic &
NSAIDS**

Analgesics

Anesthesia

**Respiratory
Systems Agents**

**Digestive
System Agents**

**Nervous
System Agents**

**Hormone&Regulating
Endocrine Secretion
Function Agents**

**Circulatory
System Agents**

**Uropoietic
System Agents**

**Hematological
System Drugs**

Diagnosis Agents

**Oncology
Agents**

**Anti-Allergic
Agents**

**Immunity Function
Adjustment Agents**

**Regulation of water,
electrolytes and acid-
base balance**

Special Drugs

Others

Dosage forms include:

- ❑ Solid preparations
 - Tablets
 - Capsules
 - Granules/Powder
- ❑ Injection & Injectable:
 - Large/Small Volume Inj.
 - Lyophilized Powder for Inj.
 - Cephalosporins powder for Inj.
- ❑ Oral solutions/Gel
- ❑ Creams
- ❑ Eye Drop

Advantages

➤ Marketing team covering all over China

✓ 40 Products have Top 1 market share in China

❑ Analgesic Agents

Dezocine Inj.

❑ Anti-Microbial Agents

Levofloxacin HCl (and sodium Chloride) Inj.

❑ Digestive System Agents

Pantoprazole Sodium for Inj. (~\$200mn in 2017)

Weisu Granules (TCM)

❑ Diagnosis Agents

Iohexol Inj., Iodixanol Inj.

❑ Others

Invert Sugar & Electrolytes Inj.

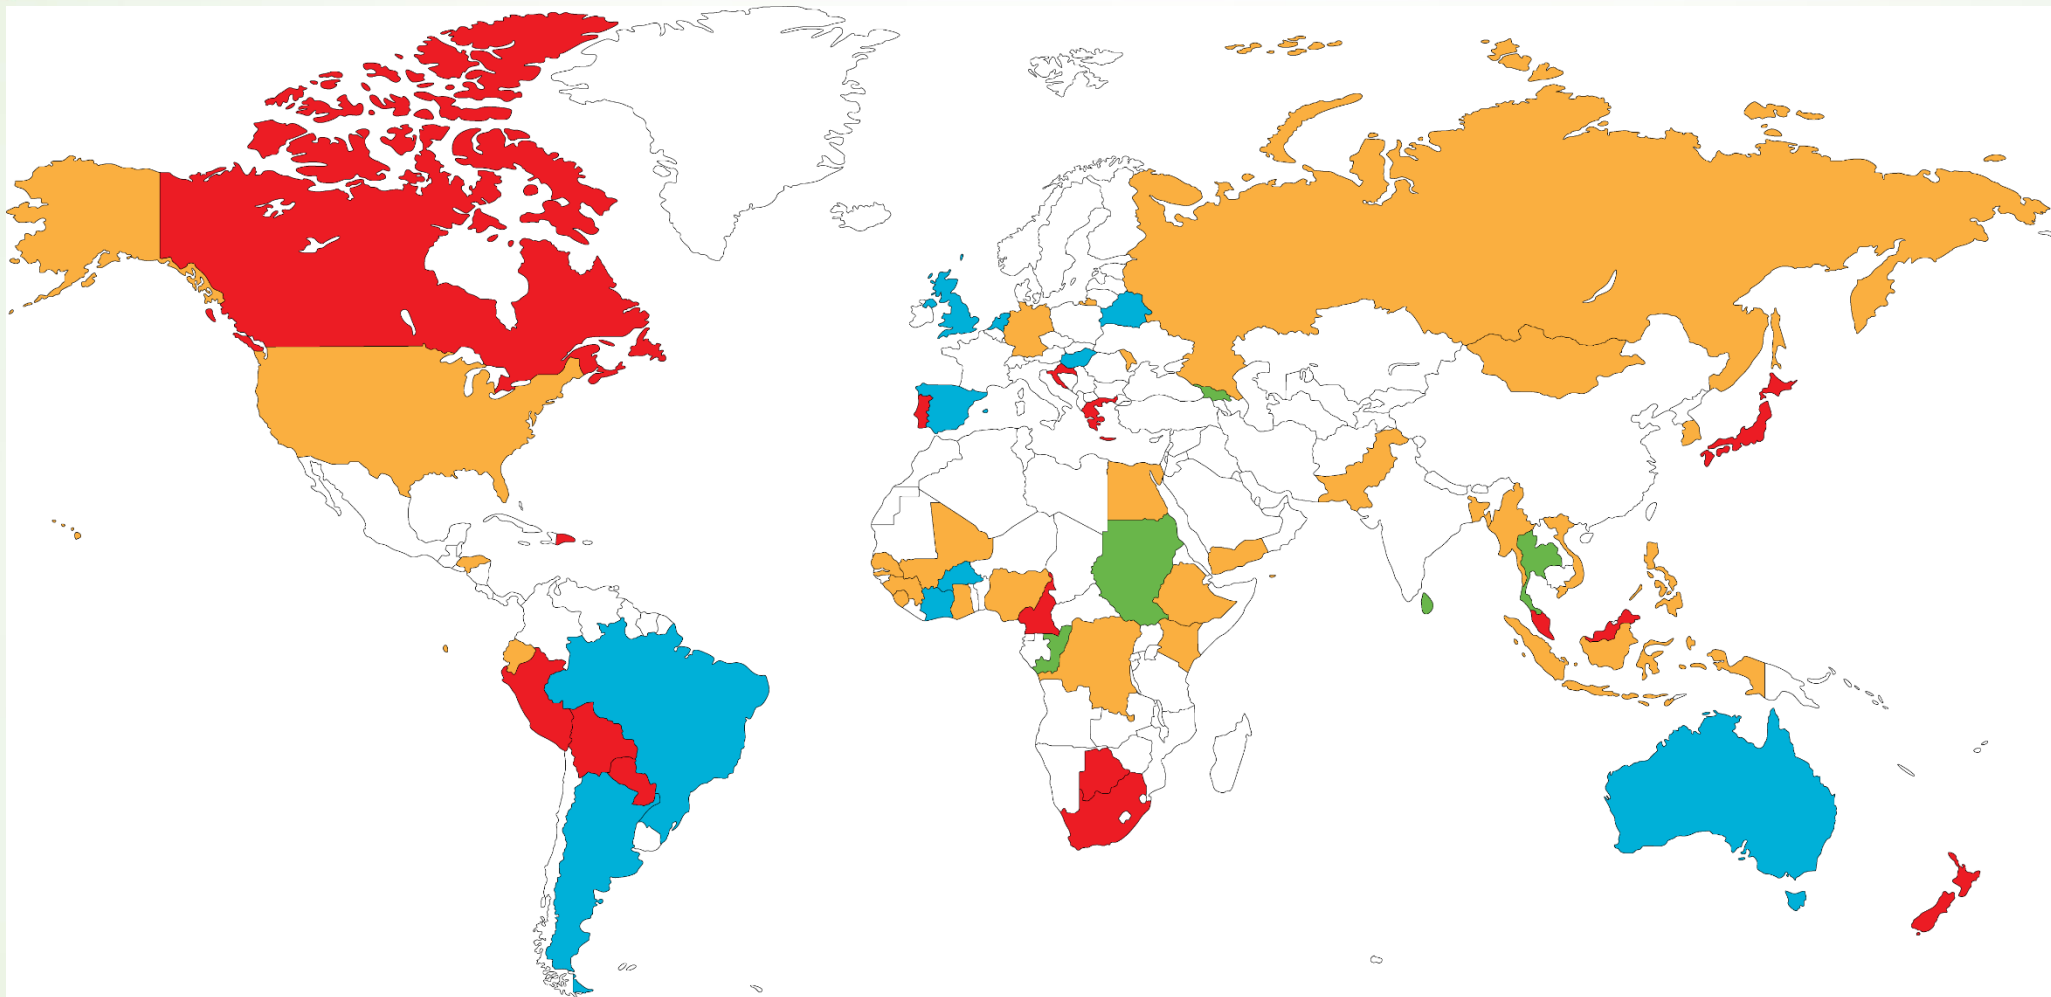

✓ Complete Sales System with 6000+ sales staffs

❑ Covers 10000+ hospitals and 30000 retail pharmacies in China

❑ Covers 80% major market of China pharmaceutical sales

❑ Establishes a complete sales system covering Class A tertiary hospitals, community care center and retail pharmacies

Marketing Covered Areas Showing in Orange; Under Registration Covered Areas Showing in Blue;
Registration Covered Areas Showing in Green; Cooperation Covered Areas Showing in Red.

● Map of International Market

Undergoing Project in EU, USA and Australia:

-MA: Pantoprazole Sodium for Injection in Spain, MA holder will be Netherlands subsidiary

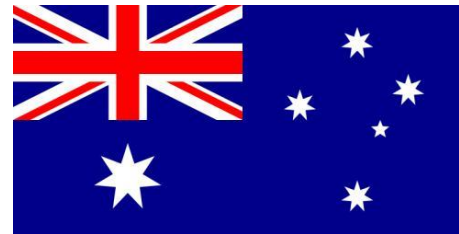

-ANDA: Esomeprazole Sodium for Inj. with DMF of API

Ranolazine Extended-release Tabs

Oseltamivir Phosphate Capsules

-TGA: Parecoxib Sodium for Injection with API
